

L A S T E C®

Manufacturer of the
World's Only High-Definition
Articulating Mowers

TURF/COMMERCIAL MODEL 61" SERIES

The World's Most Accurate 61" Rotary Mower.

The Model 61 series is the world's first 61" (154.94 cm) commercial articulating rotary mower. This 61" (154.94 cm) wide mower features three fully articulating 21" (533.4 mm) decks. The mower features a unique modular baffling system that allows the deck to be a true rear or side discharging deck that can also be set up to mulch. The rear discharge allows the mower more trimming flexibility and is far safer to operate around traffic or people.

Models Available: 2261, 2861, 2961
